

Open Science session, 2 October 2019, 10h00, SEERC, Thessaloniki

Trainers: Pedro Príncipe, Helene Brinken, Elli Papadopoulou, Antonia Correia

Title: Open Science in the core of research

Time: 10h00-15h00

Agenda:

10:00-10:10 (10m)	Open Science practices
10:10 - 11:00	Open Access Publishing What is Open Access and how to provide it How to implement Open Access and Open Science Open Access in Horizon 2020: how to comply with H2020 Open Science requirements
11:00- 11:30	Breakout groups
11:30-11:45	Coffee break
11:45 - 12:30	Managing and Sharing Research Data Open, closed and shared data Data Management Plans Open Data in Horizon 2020: how to comply with H2020 Open Science requirements European Open Science Cloud
12:30 - 13:00	Breakout groups
13:00 - 14:00	Lunch
14:00 - 15:00	National policies and landscape (greek National Open Access Desk NOAD) Plenary discussion: how to implement Open Science principles in my research

Ideas for formats/presentations:

- Warm up: mentimeter -> explore current practices/attitudes of participants - have you encountered a paywall? Do you use open accessible materials? (how important do you think it is for research), are your publications/data open available or ready to share?etc.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 741477.
